He is planning on having some stock on hand to purchase at the event. Anything ordered online has to be prepaid. There is no guarantee that something you see on the online site will be available at the Expo Center. If you have any questions, please ask. Deadline for preorders is April 10th.

All Around Graphix will be set up in the concession area of the Expo Center during state shoot and we plan on a separate entrance for everyone to use to reach them.

2021 T-Shirt Logo Design Contest

For the 2021 contest, submit your logo design idea via email by **April 30**. The logo design may be hand drawn or created with computer software, and should be an original idea. Keep in mind a few guidelines for using the 4-H Clover. You will find our current logos on the website here <http://www.southdakota4hleaders.com>

Use the whole Emblem. The 4-H Emblem should always appear in its entirety—meaning it should always appear as a whole and complete image.

Do not remove any leaves. The leaves cannot be removed or have another image superimposed over the top of any of the leaves. Other images should be moved and appear completely separate from the 4-H Emblem. This also means you should not “cut off” a leaf by running it off the edge of the paper in print media or other designs.

Do not place text or other images over or on top of the 4-H Emblem. The 4-H Emblem should not appear screened or watermarked under words or graphics. No photo, drawing, symbol, word, or other figure or object may be placed on or obscure the 4-H Emblem.

Keep it upright. The 4-H Emblem should not be rotated or turned on its side.

Distortion and Proportion. The appearance, shape, and proportion of the 4-H Emblem should never be distorted to fit in an imprint space. Do not make the 4-H Emblem longer, taller, wider, angled, or squarer. Do not alter the shape in any way. The overall size of the 4-H Emblem may be changed, but the proportions must remain intact.

Color. The 4-H Emblem should **never** be screened, shaded, gradated, or appear in a multi-colored hue. **Graphic Designers: The official color is 100% PMS 347 green.** The clover can be green, white, black, or metallic gold. Below are the official guidelines for each color clover:

The “H’s” on the green clover can be white, black, or metallic gold. The H’s on the black clover should be white. The H’s on the white clover can be black or green. The H’s on the metallic gold clover can be white, black, or metallic gold (when embossed).

The winning logo will be used on shirts that we sell at the SD State Fair and throughout the year. The person who submits the winning logo will receive \$50. Get those ideas coming!!
